ORIGINALLY FILED

Applicant: Thong

Examiner: Unknown

Serial No: 10/017,998

Art Unit: Unknown

For: APPARATUS FOR TREATING FIBRILLATION OF AT LEAST ONE
CHAMBER OF A HEART

Filed: 13 December 2001

Date: 27 February 2002

Commissioner of Patents and Trademarks
Washington, D.C. 20231

INFORMATION DISCLOSURE STATEMENT

Under 37 CFR 1.97

This Information Disclosure Statement is filed with the missing parts of the application, so no action on the merits has been taken and it is timely filed without payment of a fee. 37 CFR §1.97(b).

The filing of this Information Disclosure Statement shall not be construed as a representation that a search has been made (37 CFR §1.56(g)), an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner. Notice of January 9, 1992, 1135 O.G. 13, at 25.

This Information Disclosure Statement is made to comply with the duty of candor imposed on all individuals associated with the filing or prosecution of this application, as defined by 37 CFR §1.56(c).

Eight (8) U.S. patents and three (3) foreign patent documents are listed on the attached one (1) sheet of Form PTO/SB/08A which is made a part hereof. A copy of

each is enclosed. Also enclosed in the filing papers, but not listed on the form, is a copy of a Search Report dated 6 November 2001 from the German Patent Office on German application 100 64 597.6, from which this US application claims priority.

The German Search Report cites eight patent documents (References AC through AF, AH and BA through BC), a copy of each being provided herewith. References BA through BC are all in German, but corresponding English equivalents are provided as References AA, AB and AG, respectively.

References AB and BB are commonly-owned with the present invention by BIOTRONIK of Germany and have a common inventor with the present invention (Dr. Thong). References AG and BC are commonly-owned with the present invention by BIOTRONIK of Germany, but do not have a common inventor with the present application.

The foregoing Information Disclosure Statement is based upon the information known to the inventor or contained in the undersigned attorney's file as of the filing date of this statement and is inclusive of the best information known to each of the undersigned at that date. Prompt consideration of the Information Disclosure Statement and the references by the Examiner is earnestly requested.

Respectfully submitted,

Stephen L. Grant
